Daniel Cruz

Software Developer · Dubai · daniel.cruz@email.com · +971 55 421 4444

SUMMARY

Full-stack developer with 3 years building web apps in React and Node. Comfortable owning a feature from UI to database.

SKILLS

Languages: JavaScript, SQL
Frameworks: React, Node.js, Express
Databases: MySQL
Cloud & Tools: Git, Docker

EXPERIENCE

Software Developer — Bluewave IT *(2023 – Present)*

- Build React single-page apps and Node/Express APIs on MySQL.
- Built a reporting dashboard that replaced manual spreadsheet work for the ops team.
- Improved query performance on the orders table with indexing.

Trainee Developer — Bluewave IT *(2022 – 2023)*

- Fixed bugs and shipped small features; learned the codebase and Git workflow.

EDUCATION

BS Information Technology, Mapua University — 2022
