Sara El-Sayed

Full-Stack Developer · Dubai · sara.el-sayed@email.com · +971 50 968 7043

OBJECTIVE

Product-minded full-stack developer (5 years), React and Node, happiest shipping fast in a small team. Helped grow an e-commerce platform from MVP to 100k users.

SKILLS

Languages: JavaScript, TypeScript
Frameworks: React, React Native, Node.js, Express
Databases: MongoDB, PostgreSQL
Cloud & Tools: AWS, Vercel, Git

EXPERIENCE

Full-Stack Developer — Souqly (e-commerce startup) *(2020 – Present)*

- Own the React web app and a React Native companion app; Node/Express backend on PostgreSQL.
- Shipped checkout, search and a loyalty module; grew the platform to 100k+ monthly users.
- Cut page-load time 35% with code-splitting and image optimization.
- Work directly with founders to scope and prioritize weekly releases.

Junior Developer — Cairo Dev House *(2019 – 2020)*

- Built reusable React components and integrated REST APIs.
- Wrote unit tests and cleared a backlog of cross-browser bugs.

PROJECTS

MealPlan — a React Native meal-planning app — 4.6 stars, 5k downloads.

EDUCATION

B.Sc Computer Engineering, Cairo University — 2019
