OBJECTIVE

Data analyst (3 years) turning messy data into decisions — SQL, Python and dashboards. Not a web developer, but I love working with data.

SKILLS

Languages: SQL, Python
Libraries: Pandas, NumPy
BI: Tableau, Power BI
Tools: Excel, dbt (basic)

EXPERIENCE

Data Analyst — Majid Al Futtaim *(2022 – Present)*

- Write SQL queries and build Tableau dashboards for the retail team.
- Built an automated weekly sales report that saves about 8 hours a week.
- Partner with marketing to measure campaign performance.

EDUCATION

BS Statistics, University of Delhi — 2022
