Sunny Gill

Full-Stack Developer · Remote · sunny.gill@email.com · +971 54 329 3113

OBJECTIVE

Self-taught full-stack developer (2.5 years) after a coding bootcamp and a career switch. React and some Node; hungry to learn fast.

SKILLS

Languages: JavaScript
Frameworks: React, Node.js, Express
Databases: MongoDB
Tools: Git, Netlify

EXPERIENCE

Full-Stack Developer — Freelance / contract *(2023 – Present)*

- Build React client sites and small Node backends for SMEs.
- Delivered a booking site that doubled a salon's online bookings.
- Handle hosting, deployment and basic SEO for clients.

PROJECTS

FinTrack — a personal-finance tracker — React + Node + Mongo.

EDUCATION

Coding bootcamp (6 months) — 2023; BA Economics, Panjab University — 2019
