Tom Becker

Graduate Software Engineer · Remote · tom.becker@email.com · +971 51 970 2999

SUMMARY

Recent computer-science graduate looking for a first full-time role. Strong fundamentals; internship in Java tooling; learning React and Node on side projects.

SKILLS

Languages: Python, Java, C++, JavaScript (learning)
Concepts: data structures, algorithms, OOP
Tools: Git, Linux

EXPERIENCE

Software Engineering Intern — SAP (3-month internship) *(2024)*

- Built internal Java tooling and wrote unit tests.
- Automated a manual data-import step.

PROJECTS

Portfolio + To-Do app — self-taught React project.
Chess engine — a C++ engine with a simple AI.

EDUCATION

BSc Computer Science, TU Munich — 2024
