SUMMARY

Junior full-stack developer (2 years) working in React and Node. Eager to take on bigger features and grow toward ownership.

SKILLS

Languages: JavaScript
Frameworks: React, Node.js, Express
Databases: MongoDB
Tools: Git, Postman

EXPERIENCE

Junior Developer — Zomato *(2024 – Present)*

- Build React features and simple Node endpoints under senior guidance.
- Fixed accessibility issues across the ordering flow.
- Write unit tests for new components.

PROJECTS

RecipeFinder — a React + Node app built during a 48-hour hackathon (2nd place).

EDUCATION

B.Tech Information Technology, Amity University — 2024
